Are you going on holiday or travelling abroad?

When you charge the full cost of your travel ticket abroad or at least 30% of the cost of your organised trip, including transport, or the entire cost of the hire of a vehicle to your Visa Gold card, Bank Card Company will grant you **foreign travel accident insurance of EUR 200,000, covering the risk of death or permanent disability**.

An additional indemnity of EUR 30,000 covers other related costs.

1. Definition of the cover

The travel accident insurance is an insurance scheme providing holders of a Visa Gold card administered by Bank Card Company SA and members of their families with cover against accidental death or permanent disablement during journeys by public conveyance where this is part of travel abroad or a journey to a foreign country and where the cost of the journey has been charged to a Visa Gold card administered by Bank Card Company SA.

In the event of an accident covered by this insurance, the policy also provides a supplementary indemnity against the costs of search and rescue or, in the event of death, of repatriation of the body. This indemnity, of a maximum of EUR 30,000 per victim, is limited to reimbursement of sums not reimbursed by social security bodies and other insurance policies in the victim's name.

2. Who is covered by this insurance?

All holders of a Visa Gold card administered by Bank Card Company SA, their spouses (*) and their dependants under the age of 25, are insured, even if they travel separately.

All holders of a Visa Gold card administered by Bank Card Company are covered, even if the foreign travel is charged to a Visa card administered by Bank Card Company SA in another holder's name, provided that the same insurance is linked to this card (see the remarks under 7 and 8).

(*) A spouse is defined as a wife or husband, or any person cohabiting under the same roof as the holder and domiciled at the same address as him.

3. What is meant by "public conveyance"?

This is any means of transport licensed for the conveyance of persons by scheduled lines: aircraft, train, boat. Charter flights, shuttle services by air, and coaches are also deemed to be public conveyance, provided that they are chartered by a tour operator or by a travel agency.

Hire cars covered by a short-term hire contract are also deemed to constitute a public conveyance. In this case, proof must be provided that the intention, with the agreement of the vehicle hire firm, was to charge the entire cost of the car hire to the card.

4. What is meant by hire car?

All motorised cars of at least four wheels used for the private transport of persons.

Leasing or long-term hire contracts are not covered.

5. When does this insurance operate?

Insurance cover is automatically provided when the means of transport covered or the car hire contracts are charged to a Visa Gold card administered by Bank Card Company SA under the conditions set out in Articles 1 to 3.

6. Piracy, acts of aggression, terrorism

Under this insurance, insured persons are covered against piracy, acts of aggression, terrorism and hostage-taking, provided that the insured person has not taken an active part.

7. What indemnities are paid?

The company will pay the following indemnities to insured persons, in the event of an accident leading, within 12 months of the incident, to one of the consequences cited hereunder.

Age of the insured person	Indemnity in the event of death	Indemnity in the event of permanent total disablement(*)
>15 years old	200.000 EUR	200.000 EUR
5-15 years old	20.000 EUR	20.000 EUR
Under 5 years old	10.000 EUR (**)	10.000 EUR

(*) According to the Official Belgian Disabilities Scale

(**) Limited to the application of the legal provisions in force.

In the case of permanent disablement, the indemnity will be in proportion to the level of disability, where this is 25% or more. Disablement of 66% or more will be deemed to be total disability qualifying for 100% indemnity.

The maximum indemnity for eligible search and rescue and repatriation costs is limited to EUR 30.000 per insured person. The maximum indemnity per insured person will be EUR 230,000 for the holder of a Visa Gold card administered by Bank Card Company SA.

If a trip taken by the holder of a Visa Gold card administered by Bank Card Company SA has been charged to a Visa card administered by Bank Card Company SA other than his own, the maximum indemnity will be that provided by the card held by the cardholder taking the journey and, if he/she holds several cards, the indemnity will be that of the card providing the highest level of cover, irrespective of the number of Visa insurance certificates held by the insured person.

8. Remark

The insurance company will provide maximum cover of EUR 12.395,000 per incident where insured persons travel as a group, and EUR 22.311.000 in aggregate indemnities per accident, applying a proportional payment rule in order not to exceed these amounts.

4.6. Sanctions

If the insured fails to comply with the obligations of this chapter, the insurer may reduce its obligations by the amount of the loss it has suffered.

The insurer can refuse cover if the insured fails with fraudulent intent to comply with the obligations of this chapter.

CHAPTER 5. ADMINISTRATIVE PROVISIONS

5.1. Commencement of the insurance

The guarantees commence on the date that the holder receives the insured card, but not earlier than the commencement date of the insurance contract that the policyholder has taken out with the insurer to cover the guarantees mentioned in this policy.

Items or trips that were paid for prior to the commencement date of the aforementioned insurance contract are not insured (even if the claim occurs after this date).

5.2. End of the insurance

The insurance ends, even for items that have already been paid, in case of:

- non-renewal of the insured credit card;
- cancellation of the insured credit card;
- the termination of the insurance contract, for any reason, as entered into between the policyholder and the insurer to cover the guarantees mentioned in this policy.

5.3. Amendment of the insurance terms

On condition that insured parties are notified at least 30 days in advance, the insurer and the policyholder may jointly decide to amend the insurance premiums (or premium rate), terms or guarantees.

If the insured does not agree to an amendment, he/she can return the insured credit card within 30 days of notice of that amendment.

In the absence of any notice to that effect, the new terms will be regarded as accepted.

However, the return of the insured credit card can never give cause for the refund of any premium.

5.4. Prescription

Any action arising from this contract prescribes after three years. This period commences on the date of occurrence of the event that gives rise to the action.

5.5. Recovery and subrogation of the insurer

The insurer reserves the right to recover all compensation that has been paid in error from the insured and is subrogated to the insured's rights against liable third parties up to the amount of this compensation.

5.6. Scope of application

The cover is valid worldwide.

5.7. Terrorism

Membership of TRIP

The insurance covers acts of terrorism in certain cases. For this purpose, the insurance company is a member of the non-profit association TRIP, which has its registered office at Square de Meeûs/De Meeûsplantsoen 35, 1000 Brussels. Pursuant to the Belgian Act of 1 April 2007 on insurance against damage caused by terrorism, the performance of all obligations by all insurance companies that are members of this non-profit association is limited to one billion euros per calendar year for the damage caused by all events that are recognised as acts of terrorism during that calendar year. This amount is adjusted on 1 January of each year in line with developments in the consumer price index, for which purpose the index figure of December 2005 is taken as the basis. In the event of any statutory or regulatory amendment of this basic amount, the altered amount will apply automatically from the first renewal date after the amendment, unless the legislature expressly provides for a different transitional arrangement. If the total of the calculated or estimated compensation exceeds the amount mentioned in the previous paragraph, a proportionality rule will be applied: the compensation to be paid out will be limited to the ratio between the amount mentioned in the previous paragraph or the funds still available for that calendar year and the compensation to be paid that is allocated to that calendar year.

Payment scheme

The Committee decides, according to the aforementioned Belgian Act of 1 April 2007, whether an event conforms to the definition of terrorism. To ensure that the amount mentioned in the section 'Membership of TRIP' is not exceeded, this Committee determines the percentage of the compensation that must be paid as a result of the event, by the insurance companies that are members of this non-profit association, no later than six months after the event occurs. The Committee may revise this percentage in the decision regarding the percentage of compensation to be paid.

The insured or the beneficiary can only lay claim to the compensation from the insurance company once the Committee has fixed the percentage. The insurance company pays the insured amount in accordance with the percentage fixed by the Committee.

Notwithstanding the above, if another percentage is fixed by Royal Decree, the insurance company will pay according to this percentage.

If the Committee reduces the percentage, the reduction of compensation will not apply to compensation that has already been paid out, or to compensation that is still to be paid out but where the insurance company has already communicated a decision to the insured or the beneficiary. If the Committee increases the percentage, the increase in compensation will apply to all reported claims arising from the event that is recognised as terrorism. If the Committee finds that the amount mentioned in the section on 'Membership of TRIP' is inadequate to compensate all damage suffered or has insufficient information to be able to assess whether this amount is adequate, people will receive compensation for damage in order of priority. Compensation for moral (i.e. non-material) damage will be paid after all other compensation.

Any restriction, exclusion and/or distribution in the time of performance of the obligations by the insurance company, as laid down in a Royal Decree, will apply according to the terms and

conditions set out in that Royal Decree.

5.8. Handling of personal data

The insured consents to the registration and processing of his/her personal data by AG Insurance SA/NV, which is the responsible party for processing, for the purpose of managing the relationships that arise from the insurance contract, preventing abuse and fraud, compiling statistics and tests, and direct marketing of products promoted by companies of the financial groups to which AG Insurance SA/NV belongs. The insured consents to the exchange of this data among AG Insurance SA/NV and the companies of the group to which AG Insurance SA/NV belongs, as well as to the disclosure thereof to other third parties if this is required for the performance of the insurance contract or in case of lawful interest.

Access to the personal data is limited to the persons who require it for the performance of their duties.

The refusal by the party concerned to provide certain personal data to AG Insurance SA/NV on request may alter or affect the nature of contractual relationships.

The party concerned gives his/her express and specific agreement to AG Insurance SA/NV processing his/her personal medical data under the responsibility of a professional in healthcare and, under the same conditions, to processing by any reinsurers or co-insurers established in Belgium or abroad.

Such data may be obtained from other parties if it is required for the purposes of processing or for the performance of the contract. Personal medical data is processed for the purposes referred to above, with the exception of direct marketing.

The insured is entitled to prevent the use of his/her personal data for direct marketing, on request and free of charge. The insured is entitled to access his/her personal data and have it amended, if required. The insured must address a dated and signed written request to the insurer for this purpose.

5.9. Correspondence

Any notice or request relating to these terms and conditions will be sent validly to the policyholder and the insurer if it is sent to their respective head offices in Belgium.

Any notice to the insured will be given validly if it is sent to his/her last known address at the policyholder.

5.10. Legislation

This contract shall be governed by and construed in accordance with Belgian legislation. Any disputes are subject to the exclusive jurisdiction of the Belgian courts.
