under the EUR 30,000,000,000

Euro Medium Term Note Programme

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that, except as provided in sub-paragraph (ii) below, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer of the Notes may only do so:

- (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer; or
- (ii) in those Public Offer Jurisdictions mentioned in Paragraph 43 of Part A below, provided such person is one of the persons mentioned in Paragraph 39 or 40 of Part A below or Paragraph 11 (xii) of Part B below and that such offer is made during the Offer Period specified for such purposes therein.

Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 17 June 2009 which constitutes a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the "**Prospectus Directive**"). This document constitutes the Final Terms relating to the issue of Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Base Prospectus (together, the "**Base Prospectus**").

These Final Terms do not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation, and no action is being taken to permit an offering of the Notes or the distribution of these Final Terms in any jurisdiction where such action is required.

An investment in the Notes involves certain risks. Prospective investors should carefully consider the risk factors included in the Base Prospectus and any complementary risk considerations included in these Final Terms prior to investing in the Notes. Each prospective investor should also carefully consider the tax considerations relating to the Notes included in the Base Prospectus and any other up-to-date tax considerations that would be relevant for such prospective investor.

Moreover, prospective investors and purchasers of Notes must inform themselves about all the relevant applicable and up-to-date restrictions, including but not limited to, selling and transfer restrictions relating to the Notes, prior to investing in the Notes.

In case of any doubt about the functioning of the Notes or about the risk involved in purchasing the Notes, prospective investors should consult a specialised financial advisor or abstain from investing. Each prospective purchaser of Notes must determine his investment decision based on its own independent review of the information included in the Base Prospectus and in this Final Terms.

Risk Warning

Investors should be aware that the Notes are issued in USD and are as such subject to exchange rate risk for an investor who has to convert another currency into USD to purchase the Notes.

Investors should be aware that as a result of such risk they may receive at maturity an amount in USD that, if converted in Euro by the investor, has a lower value than the initially invested amount.

The same risk applies to the interest payments made in USD that are exposed to the exchange rate risk (if converted in Euro by the Noteholder, the amount received will depend on the exchange rate on the conversion date).

AA: An obligation rated 'AA' differs from the highest-rated obligations only in small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

Plus (+) or minus (-)

The ratings from 'AA' to 'CCC' may be modified by the addition of a plus or minus sign to show relative standing within the major rating categories.

Moody's: A1:

A : Obligations rated A are considered upper-medium grade and are subject to low credit risk.

Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Fitch: AA-

AA: Very high credit quality. 'AA' ratings denote expectations of very low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the 'AAA' Long-term rating category, to categories below 'CCC', or to Short-term ratings other than 'F1'.
