The denomination of the Bonds shall be EUR 1,000. The Bonds will be offered to the public in the Kingdom of Belgium and the Grand Duchy of Luxembourg.

This Securities Note has been approved on 24 November 2010 by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 relating to prospectuses for securities (the "**Luxembourg Act**"), for the purposes of Directive 2003/71/EC (the "**Prospectus Directive**").

The Securities Note constitutes, together with the Registration Document dated 2 June 2010 and the Summary dated 24 November 2010, for purposes of Art. 5.3 of the Prospectus Directive the prospectus relating to the public offer in Belgium and Grand Duchy of Luxembourg of the Guaranteed Bonds (the "**Prospectus**"). The Securities Note may be distributed separately from the Registration Document and from the Summary.

The CSSF will notify the Prospectus to the Belgian Banking Finance and Insurance Commission (the "**CBFA**") together with a translation of the summary in Dutch and French and a certificate of approval from the CSSF in relation to the Prospectus. Application has also been made to the Luxembourg Stock Exchange for the Bonds to be listed on to the official list of the Luxembourg Stock Exchange (the "**Official List**") and to be admitted to trading on the Luxembourg Stock Exchange's regulated market. References in the Prospectus to the Bonds being "listed" (and all related references) shall mean that the Bonds have been listed on the Official List and admitted to trading on the Luxembourg Stock Exchange's regulated market. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments.

The Bonds will be issued in dematerialised form and cannot be physically delivered. The Bonds will be represented exclusively by book entries in the records of the X/N securities and cash clearing system operated by the National Bank of Belgium (the "**NBB**") or any successor thereto (the "**Clearing System**"). Access to the Clearing System is available through those of its Clearing System participants whose membership extends to securities such as the Bonds. Clearing System participants include certain banks, stockbrokers (*beursvennootschappen / sociétés de bourse*), Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, société anonyme, Luxembourg ("**Clearstream, Luxembourg**"). Accordingly, the Bonds will be eligible to clear through, and therefore accepted by, Euroclear and Clearstream, Luxembourg and investors can hold their Bonds within securities accounts in Euroclear and Clearstream, Luxembourg.

Unless otherwise stated, capitalised terms used in the Prospectus have the meanings set out in the Prospectus. Where reference is made to the "Conditions of the Bonds" or to the "Conditions" reference is made to the "Terms and Conditions of the Bonds".

An investment in the Bonds involves certain risks. Prospective investors should have regard to the factors described under the heading "Risk Factors" on page 4.

1 RISK FACTORS

The following is a description of risk factors which are material in respect of the Bonds and which may affect the Issuer's and the Guarantors' ability to fulfil their repayment obligations under the Bonds and which prospective investors should consider carefully before deciding to purchase the Bonds. The sequence in which the following risk factors are listed is not an indication of their likelihood to occur or of the extent of their commercial consequences. The following statements are not exhaustive: prospective investors should read and consider all of the information provided in the Prospectus or incorporated by reference in the Prospectus and should make their own independent evaluations of all risk factors and consult with their own professional advisers if they consider it necessary. Terms defined in "Terms and Conditions of the Bonds" below shall have the same meaning where used below.

Due to the particular structure of the economic group comprising of Eandis, its Subsidiaries (as defined below) and its participating shareholders, all risk factors set out below relate to this economic group as a whole, and not just to Eandis CVBA.

1.1 Factors which are material for the purpose of assessing the market risks associated with the Bonds

(a) Representation of Bondholders

"**Bondholder**" means, in respect of any Bond, the person entitled thereto in accordance with the NBB System Regulations (as defined below).

The Terms and Conditions of the Bonds and the articles of association of the Issuer contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

(b) Bonds may not be a suitable investment for all investors

Each potential investor in any Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in the Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant financial markets; and

- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

A potential investor should not invest in the Bonds unless it has the expertise (either alone or with a financial adviser) to evaluate how the Bonds will perform under changing conditions, the resulting effects on the value of the Bonds and the impact the investment will have on the potential investor's overall investment portfolio.

- (c) There is no active trading market for the Bonds

The Bonds are new securities which may not be widely distributed and for which there is currently no active trading market. If the Bonds are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. There is no assurance that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for the Bonds. Therefore, investors may not be able to sell their Bonds easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of Bonds.

- (d) The Bonds may be redeemed prior to maturity

In the event (i) of the occurrence of an event of default or (ii) that the Issuer would be obliged to increase the amounts payable in respect of any Bonds due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Kingdom of Belgium, or any political subdivision thereof or any authority therein or thereof having power to tax, the Bonds may be redeemed in accordance with the Conditions.

- (e) Interest rate risks

Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

- (f) Market Value of the Bonds

The value of the Bonds may be affected by the creditworthiness of the Issuer and a number of additional factors, such as market interest and yield rates and the time remaining to the maturity date and more generally all economic, financial and political events in any country, including factors affecting capital markets generally and the stock exchanges on which the Bonds are traded. The price at which a Bondholder will be able to sell the Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

- (g) Global Credit Market Conditions

Potential investors should be aware of the prevailing and widely reported adverse global credit market conditions (which continue at the date hereof), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Bonds. The Issuer cannot predict when these circumstances will change and if and

when they do there can be no assurance that conditions of general market illiquidity for the Bonds and instruments similar to the Bonds will not return in the future.

(h) EU Savings Directive

Under the EC Council Directive 2003/48/EC on the taxation of savings income (the "EU Savings Directive"), member states of the European Economic Union (the "EU Member States" and each a "EU Member State") are required to provide to the tax authorities of another EU Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other EU Member State or to certain limited types of entities established in that other EU Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

Investors should note that the European Commission has announced proposals to amend the EU Savings Directive. The European Parliament approved an amended version of these proposals on 24 April 2009. If implemented, the proposed amendments would, inter alia, extend the scope of the EU Savings Directive to (i) payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU individual, and (ii) a wider range of income similar to interest.

If a payment were to be made or collected through a paying agent established in any state which applies the withholding tax system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor the Agent (as defined below) nor any other person would be obliged to pay additional amounts to the Bondholders or to otherwise compensate Bondholders for the reductions in the amounts that they will receive as a result of the imposition of such withholding tax.

(i) Belgian Withholding Tax

If the Issuer, the NBB, the Agent (as defined below) or any other person is required to make any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatever nature in respect of any payment in respect of the Bonds, the Issuer, the NBB, the Agent (as defined below) or that other person shall make such payment after such withholding or deduction has been made and will account to the relevant authorities for the amount so required to be withheld or deducted.

The Issuer will pay such additional amounts as may be necessary in order that the net payment received by each Bondholder in respect of the Bonds, after withholding for any taxes imposed by tax authorities in the Kingdom of Belgium upon payments made by or on behalf of the Issuer in respect of the Bonds, will equal the amount which would have been received in the absence of any such withholding taxes, except that no such additional amounts shall be payable in respect of any Bond in the circumstances defined in Condition 7, (i), (ii), (iii) and (iv) of the Terms and Conditions of the Bonds.

(j) Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. Potential investors are advised not to rely upon the tax summary contained in the Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Bonds. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of the Prospectus.

(k) Change of law

The Terms and Conditions of the Bonds are based on the laws of the Kingdom of Belgium in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to the laws of the Kingdom of Belgium, the official application, interpretation or the administrative practice after the date of the Prospectus.

(l) Relationship with the Issuer

All notices and payments to be delivered to the Bondholders will be distributed by the Issuer to such Bondholders in accordance with the Conditions. In the event that a Bondholder does not receive such notices or payments, its rights may be prejudiced but it may not have a direct claim against the Issuer therefore.

(m) Reliance on the procedures of the Clearing System, Euroclear and Clearstream, Luxembourg for transfer, payment and communication with the Issuer

The Bonds will be issued in dematerialised form and cannot be physically delivered. The Bonds will be represented exclusively by book entries in the records of the Clearing System.

Access to the Clearing System is available through its Clearing System participants whose membership extends to securities such as the Bonds. Clearing System participants include certain banks, stockbrokers (*beursvennootschappen/sociétés de bourse*), and Euroclear and Clearstream, Luxembourg.

Transfers of interests in the Bonds will be effected between the Clearing System participants in accordance with the rules and operating procedures of the Clearing System. Transfers between investors will be effected in accordance with the respective rules and operating procedures of the Clearing System participants through which they hold their Bonds.

The Issuer and the Agent (as defined below) will have no responsibility for the proper performance by the Clearing System or the Clearing System participants of their obligations under their respective rules and operating procedures.

A Bondholder must rely on the procedures of the Clearing System, Euroclear and Clearstream, Luxembourg to receive payments under the Bonds. The Issuer will have no responsibility or liability for the records relating to, or payments made in respect of, the Bonds within the Clearing System.

- (n) The Agent (as defined below) is not required to segregate amounts received by it in respect of Bonds cleared through the X/N Clearing System

The Conditions of the Bonds and the Agency Agreement (as defined below) provide that the Agent (as defined below) will debit the relevant account of the Issuer and use such funds to make payment to the Bondholders. The Agency Agreement (as defined below) provides that the Agent (as defined below) will, simultaneously with the receipt by it of the relevant amounts, pay to the Bondholders, directly or through the NBB, any amounts due in respect of the relevant Bonds. However, the Agent (as defined below) is not required to segregate any such amounts received by it in respect of the Bonds, and in the event that the Agent (as defined below) were subject to insolvency proceedings at any time when it held any such amounts, Bondholders would not have any further claim against the Issuer in respect of such amounts, and would be required to claim such amounts from the Agent (as defined below) in accordance with applicable Belgian insolvency laws.

- (o) Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than euro. These include the risk that exchange rates may significantly change (including changes due to devaluation of the euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to euro would decrease (1) the Investor's Currency equivalent yield on the Bonds, (2) the Investor's Currency equivalent value of the principal payable on the Bonds and (3) the Investor's Currency equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

- (p) Potential Conflicts of Interest.

Fortis Bank NV/SA (acting under commercial name of BNP Paribas Fortis) and Dexia Bank Belgium NV/SA (together the "**Joint Lead Managers**") might have conflicts of interests which could have an adverse effect to the interests of the Bondholders.

Potential investors should be aware that the Issuer is involved in a general business relation or/and in specific transactions with the Agent (as defined below) or/and each of the Joint Lead Managers and that they might have conflicts of interests which could have an adverse effect to the interests of the Bondholders. Potential investors should also be aware that the Agent (as defined below) and each of the Joint Lead Managers may hold from time to time debt securities, shares or/and other financial instruments of the Issuer.

- (q) Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Bonds are legal investments for it, (2) Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Bonds. The investors should consult their legal advisers to determine the appropriate treatment of Bonds under any applicable risk-based capital or similar rules.

- (r) The payment of all amounts in respect of the Bonds is guaranteed on a several but not joint basis, subject to the pro rata limitations

The obligations of each Guarantor under its respective Guarantee (as defined below) are on a several but not joint basis, meaning that each Bondholder will need to make a claim against each of the seven Guarantors, each claim for a portion of the total claim of such Bondholder against the Issuer. The obligations of each Guarantor under its respective Guarantee (as defined below) shall, at all times, be limited to the proportional share such Guarantor holds in the share capital of the Issuer as of the date of the issue of the Bonds, as set out below:

- Gaselwest CVBA holds 16.5973 % of the shares in EANDIS CVBA and consequently the Guarantee (as defined below) of this Guarantor is limited to the due and punctual payment of 16.5973 % of all amounts due by the Issuer under the Bonds;
- IMEA holds 13.7600 % of the shares in EANDIS CVBA and consequently the Guarantee (as defined below) of this Guarantor is limited to the due and punctual payment of 13.7600 % of all amounts due by the Issuer under the Bonds;
- Imewo holds 22.4162 % of the shares in EANDIS CVBA and consequently the Guarantee (as defined below) of this Guarantor is limited to the due and punctual payment of 22.4162 % of all amounts due by the Issuer under the Bonds;
- Intergem holds 10.9459 % of the shares in EANDIS CVBA and consequently the Guarantee (as defined below) of this Guarantor is limited to the due and punctual payment of 10.9459 % of all amounts due by the Issuer under the Bonds;
- Iveka holds 14.3432 % of the shares in EANDIS CVBA and consequently the Guarantee (as defined below) of this Guarantor is limited to the due and punctual payment of 14.3432 % of all amounts due by the Issuer under the Bonds;
- Iverlek holds 19.4302 % of the shares in EANDIS CVBA and consequently the Guarantee (as defined below) of this Guarantor is limited to the due and punctual payment of 19.4302 % of all amounts due by the Issuer under the Bonds;
- Sibelgas CVBA holds 2.5072 % of the shares in EANDIS CVBA and consequently the Guarantee (as defined below) of this Guarantor is limited to the due and punctual payment of 2.5072 % of all amounts due by the Issuer under the Bonds.

2 SECURITIES NOTE

2.1 Public Offer in the Kingdom of Belgium and the Grand Duchy of Luxembourg

This Securities Note has been prepared in connection with a public offer of the Bonds in the Kingdom of Belgium and the Grand Duchy of Luxembourg (the “**Public Offer**”), and with the admission to trading of the Bonds on the regulated market of the Luxembourg Stock Exchange. The Securities Note constitutes, together with the registration document dated 2 June 2010 (the “**Registration Document**”) and the summary dated 24 November 2010 (the “**Summary**”), the prospectus relating to the Public Offer (the “**Prospectus**”). The Issuer has requested the CSSF to passport the Prospectus to the CBFA and has provided the translation of the Summary in Dutch and French as required by the Belgian prospectus law of 16 June 2006¹ (the “**Prospectus Law**”) for the purposes of the Public Offer. This Prospectus has been prepared on the basis that any offer of Bonds in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”) other than offers in the Kingdom of Belgium and the Grand Duchy of Luxembourg (the “**Permitted Public Offer**”), will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Bonds. Accordingly any person making or intending to make an offer in that Relevant Member State of Bonds which are the subject of the offering contemplated in the Prospectus, other than the Permitted Public Offer, may only do so in circumstances in which no obligation arises for the Issuer or any of the Joint Lead Managers to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor the Joint Lead Managers have authorised, nor do they authorise, the making of any offer (other than the Permitted Public Offer) of Bonds in circumstances in which an obligation arises for the Issuer or the Joint Lead Managers to publish or supplement a prospectus for such offer.

This Prospectus is to be read in conjunction with all the documents which are incorporated herein by reference (see section of the Registration Document entitled “Documents incorporated by reference”).

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy the Bonds in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of the Prospectus and the offer or sale of Bonds may be restricted by law in certain jurisdictions. The Issuer and the Joint Lead Managers do not represent that the Prospectus may be lawfully distributed, or that the Bonds may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Joint Lead Managers which is intended to permit a public offering of the Bonds or the distribution of the Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Bonds may be offered or sold, directly or indirectly, and neither the Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession the Prospectus or any Bonds may come must inform themselves about, and

observe, any such restrictions on the distribution of the Prospectus and the offering and sale of Bonds.

For a description of further restrictions on offers and sales of Bonds and distribution of the Prospectus see "Subscription and Sale" below.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with the Prospectus and any information or representation not so contained or inconsistent with the Prospectus or any other information supplied in connection with the Bonds and, if given or made, such information must not be relied upon as having been authorised by or on behalf of the Issuer, the Guarantors or the Joint Lead Managers. Neither the delivery of the Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that the information contained in the Prospectus is true subsequent to the date of this Securities Note or otherwise that there has been no change in the affairs of the Issuer or the Guarantors since the date of this Securities Note or the date upon which the Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer or the Guarantors since the date of this Securities Note or, if later, the date upon which the Prospectus has been most recently amended or supplemented or that the information contained in it or any other information supplied in connection with the Bonds is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. The Joint Lead Managers, the Guarantors and the Issuer expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Bonds.

To the fullest extent permitted by law, the Joint Lead Managers accept no responsibility whatsoever for the contents of the Prospectus or for any other statement, made or purported to be made by a Joint Lead Manager or on its behalf in connection with the Issuer, the Guarantors, or the issue and offering of the Bonds. Each Joint Lead Manager accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of the Prospectus or any such statement.

Neither the Prospectus nor any other information supplied in connection with the offering of the Bonds (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Joint Lead Managers that any recipient of the Prospectus or any other information supplied in connection with the offering of the Bonds should purchase any Bonds. Each investor contemplating purchasing any Bonds should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and the Guarantors. Neither the Prospectus nor any other information supplied in connection with the offering of the Bonds constitutes an offer or invitation by or on behalf of the Issuer or any of the Joint Lead Managers to any person to subscribe for or to purchase any Bonds.

Save for the Issuer and the Guarantors, no other party has independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Joint Lead Managers as to the accuracy or completeness of the information contained or incorporated in the Prospectus or any other information in connection with the Issuer or the offering of the Bonds. No Joint Lead Manager accepts any liability, whether arising in tort or in contract or in any other event, in relation to the information contained or incorporated by

reference in the Prospectus or any other information in connection with the Issuer, the offering of the Bonds or the distribution of the Bonds.

The Bonds have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or any state securities laws. Subject to certain exceptions, the Bonds may not be offered, sold or delivered within the United States or to, or for the account or benefit of U.S. persons (as defined in Regulation S under the Securities Act). For a further description of certain restrictions on the offering and sale of the Bonds and on the distribution of this document, see "Subscription and Sale" below.

All references in this document to "EUR", "euro" and "€" refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended.

2.3 Warning

The Prospectus has been prepared to provide information on the Public Offer. When potential investors make a decision to invest in the Bonds, they should base this decision on their own research of the Issuer, the Guarantors and the conditions of the Bonds, including, but not limited to, the associated benefits and risks, as well as the conditions of the Public Offer itself. The investors must themselves assess, with their own advisors if necessary, whether the Bonds are suitable for them, considering their personal income and financial situation. In case of any doubt about the risk involved in purchasing the Bonds, investors should abstain from investing in the Bonds.

The courts of Brussels, Belgium are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Bonds and accordingly any legal action or proceedings between any Bondholders and the Issuer arising out of or in connection with the Agency Agreement or the Bonds are to be brought in such courts.

2.5.2 Taxation - Belgian taxation

The following is a general description of the principal Belgian tax consequences for investors receiving interest in respect of, or disposing of, the Bonds and is of a general nature. It does not purport to be a complete analysis of tax considerations relating to the Bonds whether in Belgium or elsewhere.

This general description is based upon the law as in effect on the date of the Prospectus and is subject to any change in law that may take effect after such date (or with retroactive effect). Investors should appreciate that, as a result of changing law or practice, the tax consequences may be otherwise than as stated below. Investors should consult their professional advisers on the possible tax consequences of subscribing for, purchasing, holding or selling the Bonds under the laws of their countries of citizenship, residence, ordinary residence or domicile.

(a) Belgian Withholding Tax

All payments by or on behalf of the Issuer of interest on the Bonds are in principle subject to the 15 per cent. Belgian withholding tax on the gross amount of the interest. In this regard, "interest" means the periodic interest income, any amount paid by the Issuer in excess of the issue price (whether or not on the maturity date) and, in case of a realisation of the Bonds between two interest payment dates, the pro rata of accrued interest corresponding to the detention period.

However, payments of interest and principal under the Bonds by or on behalf of the Issuer may be made without deduction of withholding tax in respect of the Bonds if and as long as at the moment of payment or attribution of interest they are held by certain eligible investors (the "**Eligible Investors**", see hereinafter) in an exempt securities account (an "**X Account**") that has been opened with a financial institution that is a direct or indirect participant (a "**Participant**") in the X/N Clearing System operated by the National Bank of Belgium (the "**X/N System**" and the "**NBB**"). Euroclear and Clearstream, Luxembourg are directly or indirectly Participants for this purpose.

Holding the Bonds through the X/N System enables Eligible Investors to receive the gross interest income on their Bonds and to transfer the Bonds on a gross basis.

Participants to the X/N system must enter the Bonds which they hold on behalf of Eligible Investors in an X Account.

Eligible Investors are those entities referred to in article 4 of the *Arrêté Royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier* (Belgian Royal Decree of 26 May 1994 on the deduction of withholding tax) which include, inter alia:

- (i) Belgian corporations subject to Belgian corporate income tax;
- (ii) institutions, associations or companies specified in article 2, §3 of the law of 9 July 1975 on the control of insurance companies other than those referred to in 1° and 3° subject to the application of article 262, 1° and 5° of the Income Tax Code of 1992;
- (iii) state regulated institutions (*institutions parastatales / parastatalen*) for social security, or institutions which are assimilated therewith, provided for

in article 105, 2° of the Royal Decree implementing the Income Tax Code 1992;

- (iv) non-resident investors provided for in article 105, 5° of the same decree;
- (v) investment funds, recognised in the framework of pension savings, provided for in article 115 of the same decree;
- (vi) tax payers provided for in article 227, 2° of the Income Tax Code 1992 which have used the income generating capital for the exercise of their professional activities in Belgium and which are subject to non-resident income tax pursuant to article 233 of the same code;
- (vii) the Belgian State in respect of investments which are exempt from withholding tax in accordance with article 265 of the Income Tax Code 1992;
- (viii) investment funds governed by foreign law which are an indivisible estate managed by a management company for the account of the participants, provided the fund units are not offered publicly in Belgium or traded in Belgium; and
- (ix) Belgian resident corporations, not provided for under (i), when their activities exclusively or principally consist of the granting of credits and loans.

Eligible Investors do not include, inter alia, Belgian resident investors who are individuals or non-profit making organisations, other than those mentioned under (ii) and (iii) above.

Participants to the X/N System must keep the Bonds which they hold on behalf of the non-Eligible Investors in a non-exempt securities account (an “**N Account**”). In such instance all payments of interest are subject to the 15 per cent. withholding tax. This withholding tax is withheld by the NBB and paid to the Belgian Treasury.

Transfers of Bonds between an X Account and an N Account give rise to certain adjustment payments on account of withholding tax :

- A transfer from an N Account to an X Account gives rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date.
- A transfer from an X Account to an N Account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date.
- Transfers of Bonds between two X Accounts do not give rise to any adjustment on account of withholding tax.
- Transfers of Bonds between two N-accounts give rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date, and to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the same interest amount.

Upon opening of an X Account for the holding of Bonds, the Eligible Investor is required to provide the Participant with a statement of its eligible status on a form approved by the Minister of Finance. There is no ongoing declaration requirement to the X/N System as to the eligible status, save that they need to inform the Participant of any change in the information contained in the statement of their eligible status. However, Participants are requested to make declarations to the NBB as to the eligible status of each investor from whom they held notes in an X Account during the preceding calendar year.

These identification requirements do not apply to Bonds held in Euroclear or Clearstream, Luxembourg as Participants to the X/N Clearing System, provided that Euroclear or Clearstream only hold X Accounts and that they are able to identify the holders for whom they hold Bonds in such account.

(b) Belgian tax on income and capital gains

Belgian resident individuals

For individuals who are Belgian residents for tax purposes, i.e., who are subject to the Belgian personal income tax (*Personenbelasting / Impôt des personnes physiques*) and who hold the Bonds as a private investment, payment of the 15 per cent. withholding tax fully discharges them from their personal income tax liability with respect to these interest payments (*précompte mobilier libératoire / bevrijdende roerende voorheffing*). This means that they do not have to declare the interest obtained on the Bonds in their personal income tax return, provided withholding tax was levied on these interest payments.

Belgian resident individuals may nevertheless elect to declare the interest in their personal income tax return. Where the beneficiary opts to declare them, interest payments will normally be taxed at the interest withholding tax of 15 per cent. plus communal surcharges (or at the progressive personal tax rate taking into account the taxpayer's other declared income, whichever is lower). If the interest payment is declared, the withholding tax retained by the NBB may be credited.

Capital gains realised on the sale of the Bonds are in principle tax exempt, unless the capital gains are realised outside the scope of the management of one's private estate or unless the capital gains qualify as interest (as defined in the section "Belgian Withholding Tax"). Capital losses realised upon the disposal of the Bonds held as non-professional investment are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Bonds as a private investment.

Belgian resident companies

Interest attributed or paid to corporations Bondholders who are Belgian residents for tax purposes, i.e. who are subject to the Belgian Corporate Income Tax (*Vennootschapsbelasting / impôt des sociétés*), as well as capital gains realised upon the sale of the Bonds are taxable at the ordinary corporate income tax rate of in principle 33.99 per cent. Capital losses realised upon the sale of the Bonds are in principle tax deductible.

Belgian legal entities

Belgian legal entities subject to the Belgian legal entities tax (*rechtspersonenbelasting / impôt des personnes morales*) which do not qualify as Eligible Investors (as defined in the section “Belgian Withholding Tax”) are subject to a withholding tax of 15 per cent. on interest payments. The withholding tax constitutes the final taxation.

Belgian legal entities which qualify as Eligible Investors (as defined in the section “Belgian Withholding Tax”) and which consequently have received gross interest income are required to pay the withholding tax themselves.

Capital gains realised on the sale of the Bonds are in principle tax exempt, unless the capital gains qualify as interest (as defined in the section “Belgian Withholding Tax”). Capital losses are in principle not tax deductible.

Organisations for Financing Pensions

Interest derived by OFP Bondholders on the Bonds and capital gains realised on the Bonds will be exempt from Belgian Corporate Income Tax. Subject to certain conditions, any Belgian withholding tax levied on the interest will be fully creditable against any corporate income tax due and any excess amount will in principle be refundable.

Belgian non-residents

Bondholders who are not residents of Belgium for Belgian tax purposes and who are not holding the Bonds through their permanent establishment in Belgium, will not become liable for any Belgian tax on income or capital gains by reason only of the acquisition or disposal of the Bonds provided that they qualify as Eligible Investors and that they hold their Bonds in an X Account.

(c) Tax on stock exchange transactions

A stock exchange tax (*Taxe sur les opérations de bourse / Taks op de beursverrichtingen*) will be levied on the purchase and sale in Belgium of the Bonds on a secondary market through a professional intermediary. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.07 per cent. with a maximum amount of EUR 500 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

However, the tax referred to above will not be payable by exempt persons acting for their own account, including investors who are Belgian non-residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors, as defined in Article 126/1,2° of the Code of various duties and taxes (*Code des droits et taxes divers / Wetboek diverse rechten en taksen*).

(d) European Directive on taxation of savings income in the form of interest payments

On 3 June 2003, the Council of the European Union adopted the Council Directive 2003/48/EC regarding the taxation of savings income (hereinafter, the “**EU Savings Directive**”), which has been implemented in Belgium by the law of 17 May 2004. The EU Savings Directive entered into force on 1 July 2005.

Under the EU Savings Directive, Member States are since 1 July 2005 required to provide to the tax authorities of other Member States or the tax authorities of the Netherlands Antilles, Aruba, Guernsey, Jersey, the Isle of Man, Montserrat and the British Virgin Islands (hereinafter, the “**Dependent and Associated Territories**”, each a “**Dependent and Associated Territory**”) details of payments of interest and other similar income paid by a paying agent (within the meaning of the EU Savings Directive) to (or under certain circumstances, to the benefit of) an individual resident in another Member State or resident in a Dependant and Associated Territory (hereinafter the “**Disclosure of Information Method**”), except that Austria and Luxembourg are instead required (unless they elect otherwise) to impose a source tax (hereinafter the “**Source Tax**”) for a transitional period, unless the beneficiary of the interest payments elects for the exchange of information. The ending of such transitional period depends on the conclusion of certain other agreements relating to exchange of information with certain other countries.

If a payment were to be made or collected through a Member State which has opted for applying the Source Tax and an amount of, or in respect of, Source Tax were to be withheld from that payment, neither the Issuer nor any Agent nor any other person would be obliged to pay additional amounts with respect to any Bond as a result of the imposition of such Source Tax.

Investors should note that the European Commission has announced proposals to amend the EU Savings Directive. If implemented, the proposed amendments would, inter alia, extend the scope of the EU Savings Directive to (i) payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU individual, and (ii) a wider range of income similar to interest.

Individuals not resident in Belgium

Interest paid or collected through a Belgian paying agent on the Bonds and falling under the scope of application of the EU Savings Directive will be subject to the Disclosure of Information Method as from 1 January 2010.

Individuals resident in Belgium

An individual resident in Belgium will be subject to the provisions of the EU Savings Directive, if he receives interest payments from a paying agent (within the meaning of the EU Savings Directive) established in another EU Member State, Switzerland, Liechtenstein, Andorra, Monaco, San Marino, the Netherlands Antilles, Aruba, Guernsey, Jersey, the Isle of Man, Montserrat, the British Virgin Islands, Anguilla, the Cayman Islands or the Turks and Caicos Islands.

If the interest received by an individual resident in Belgium has been subject to a Source Tax, such Source Tax does not liberate the Belgian individual from declaring the interest income in the personal income tax declaration. The Source Tax will be credited against the personal income tax. If the Source Tax withheld exceeds the personal income tax due, the excessive amount will be reimbursed, provided it reaches a minimum of Euro 2.5.

2.5.3 Taxation - Luxembourg taxation

The following discussion is a summary of the Luxembourg tax consequences to potential purchasers or holders of Bonds, based on current law and practice in

Luxembourg. This discussion is for general information purposes only and does not purport to be a comprehensive description of all possible tax consequences that may be relevant. Potential purchasers of Bonds should consult their own professional advisers as to the consequences of making an investment in, holding or disposing of the Bonds and the receipt of any amount in connection with the Bonds.

Luxembourg Withholding Tax

Under Luxembourg tax laws currently in effect and with the possible exception of interest paid to individuals and to certain residual entities (as described below), there is no Luxembourg withholding tax on payments of interest, including accrued but unpaid interest. There is also no Luxembourg withholding tax, with the possible exception of payments made to individuals and to certain residual entities (as described below), upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Bonds.

Individuals not resident in Luxembourg

Under the Luxembourg laws dated 21 June 2005 implementing the EU Savings Directive and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union ("EU"), a Luxembourg based paying agent (within the meaning of the EU Savings Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State or in certain EU dependent or associated territories, unless the beneficiary of the interest payments elects for an exchange of information or for the tax certificate procedure. The same regime applies to payments of interest and other similar income made to certain so-called "residual entities" within the meaning of Article 4.2 of the EU Savings Directive (i.e. an entity without legal personality (the Finnish and Swedish companies listed in Article 4.5 of the Savings Directive are not considered as legal persons for this purpose), whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, a UCITS recognised in accordance with Council Directive 85/611/EEC or similar collective investment funds located in Jersey, Guernsey, the Isle of Man, the Turks and Caicos Islands, the Cayman Islands, Montserrat or the British Virgin Islands and have not opted to be treated as UCITS recognised in accordance with the Council Directive 85/611/EEC) established in a Member State or in certain EU dependent or associated territories.

The withholding tax rate is 20 per cent. as from 1 July 2008 increasing to 35 per cent. as from 1 July 2011. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

Individuals resident in Luxembourg

A 10 per cent. withholding tax is levied on interest payments made by Luxembourg paying agents (defined in the same way as in the EU Savings Directive) to or for the benefit of Luxembourg individual residents or to certain residual entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS recognised in accordance with the Council Directive 85/611/EC or for the exchange of information regime).

Pursuant to the Luxembourg law of 23 December 2005 as amended by the law of 17 July 2008, Luxembourg resident individuals, acting in the course of their private wealth, can opt to self-declare and pay a 10 per cent. tax on interest payments made after 31 December 2007 by paying agents (defined in the same way as in the EU Savings Directive) located in an EU Member State other than Luxembourg, a Member State of the European Economic Area or in a State or territory which has concluded an international agreement directly related to the EU Savings Directive.

The same method of publication will be used to inform the investors in case of early termination of the Subscription Period.

2.6.2 Plan of distribution and allotment

- (i) Target investors
The offer will consist of a public offering in Belgium and the Grand Duchy of Luxembourg.
- (ii) Selling restrictions
 - General Selling restriction

In certain jurisdictions the distribution of the Prospectus, the offer of the Bonds and the participation in such offer may be subject to specific regulations or legal and regulatory restrictions. The Bonds are neither offered directly or indirectly to any persons subject to such restrictions nor can the Bonds be accepted by persons residing in a country subject to such restrictions. Consequently, any person in possession of the Prospectus must make sufficient enquiries in respect of any applicable local restrictions and act in accordance with them. The Prospectus constitutes neither an offer, nor an invitation to purchase Bonds in those jurisdictions where such offer or invitation would be illegal. The Issuer and the Joint Lead Managers expressly decline all responsibility in respect of any person violating local regulations applicable to them.

– United States

The Bonds have not been and will not be registered under the Securities Act or any state securities laws, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from registration requirements. Accordingly, the Bonds are being offered and sold in offshore transactions to non-U.S. persons in reliance on Regulation S under the Securities Act (“**Regulation S**”). Terms used in this paragraph have the meaning given to them in Regulation S.

The Joint Lead Managers have agreed that they will not offer or sell the Bonds (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the closing date within the United States or to, or for the account or benefit of, U.S. persons, and they will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration (if any) to which they sell Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meaning given to them in Regulation S.

In addition, until 40 days after the commencement of the offering of the Bonds, an offer or sale of Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

– Public Offer Selling Restriction in the European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Joint Lead Manager has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Bonds which are the subject of the offering contemplated by the Prospectus to the public in that Relevant

Member State other than the offers contemplated in the Prospectus in the Kingdom of Belgium and the Grand Duchy of Luxembourg from the time the Prospectus has been approved by the competent authority in the Grand Duchy of Luxembourg and published and notified to the relevant competent authority in accordance with the Prospectus Directive as implemented in the Grand Duchy of Luxembourg to, and including, the Issue Date, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Bonds to the public in that Relevant Member State:

- (i) to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (ii) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than EUR 43,000,000; and (3) an annual net turnover of more than EUR 50,000,000, as shown in its last annual or consolidated accounts;
- (iii) to fewer than 100 natural or legal persons (other than Qualified Investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the Joint Lead Managers; or
- (iv) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Bonds shall require the Issuer or any Joint Lead Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Bonds to the public” in relation to any Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

– United Kingdom

Each Joint Lead Manager has represented and agreed that:

- (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “**FSMA**”)) received by it in

connection with the issue or sale of the Bonds in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

- (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Bonds in, from or otherwise involving the United Kingdom.

(iii) Over-subscription and notification of allotment

In case of early termination of the Subscription Period due to oversubscription or to changes in market conditions as agreed between the Joint Lead Managers and the Issuer, allotment of the Bonds will be made with the following objective allotment criteria:

- the subscriptions will be handled and allocated by each Joint Lead Manager according to the principle “first comes, first served”; and
- if required, the last subscription (or the last subscriptions if received exactly at the same time), if any, will be reduced in order to correspond with the aggregate nominal amount, as determined and agreed by the Issuer and the Joint Lead Managers in their sole discretion.

In case of such early termination, the subscribers will be informed about the number of Bonds allotted to them as soon as possible after the early termination by the applicable intermediary in accordance with the arrangements in place between such financial intermediary and the prospective subscriber.

Any payment made by an applicant in connection with the subscription of Bonds which are not allotted will be refunded within seven Brussels Business Days (where Brussels Business Day means a day on which banks are open for general business in Brussels) after the date of payment in accordance with the arrangements in place between such relevant applicant and the relevant financial intermediary, and the relevant applicant shall not be entitled to any interest in respect of such payments.

No dealings in the Bonds on a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC may take place prior to the Issue Date.

2.6.3 Pricing – Costs and fees

The Issue Price is 101.92 per cent. of the nominal amount of the Bonds.

The legal, administrative and other costs with respect to the issue and the listing of the Bonds shall be borne by the Issuer and are estimated to amount to approximately EUR 125,000.

A selling commission equal to 2.00 per cent. (the “**Selling Commission**”) of the denomination of the Bonds to be issued shall be payable by the investors to the relevant Joint Lead Manager. The Selling Commission is included in the Issue Price.

However, the Joint Lead Managers shall be authorized to apply a discount or margin on the Selling Commission to be paid by Qualified Investors (as defined in the Prospectus Law) (and therefore to reduce accordingly the Issue Price applicable to such Qualified Investors), depending on the evolution of the credit quality of the Issuer (credit spread), the evolution of interest rates, the success (or lack of success) of the placement of the Bonds, the amount of Bonds purchased by an investor, or any other relevant element.

The yield will be 4.013 per cent. on an annual basis calculated on the basis of the Issue Price.

2.7 Admission to Trading and Dealing Arrangements

2.7.1 Application for admission to trading

Application has been made for the Bonds to be listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange. Dexia Banque Internationale à Luxembourg SA has been appointed as listing agent for that purpose.

(each a “**Guarantor**”, and together the “**Guarantors**”)

unconditionally and irrevocably guarantees to each holder of a Bond the due and punctual payment, in accordance with the Terms and Conditions of the Bonds (terms defined in the Terms and Conditions shall, insofar as the context so admits, have the same meaning when used herein), of the principal of, interest (if any) on, and any other amounts payable under the Bonds upon the following terms:

- (i) In the event of any failure by the Issuer to pay punctually any such principal, interest or other amount, each Guarantor agrees to cause each and every such payment to be made as if such Guarantor instead of the Issuer were expressed to

be the primary obligor of the Bonds to the intent that the holder shall receive the same amounts in respect of principal, interest or such other amount as would have been receivable had such payments been made by the Issuer;

- (ii) Each Guarantor agrees that its obligations under this guarantee shall be abstract, non-accessory, unconditional and irrevocable and on a first demand basis without raising any objections of whatever nature arising out of the underlying obligation of the Issuer relating to the Bonds, irrespective of the absence of any action to enforce the same, the recovery of any judgment against the Issuer or of any action to enforce the same or any other circumstance relating to the underlying Bond which might otherwise constitute a discharge or defence of a guarantor, it being understood that no demand shall be accepted in the event that all principal, interest or other amount due under the Bonds has been punctually made by the Issuer;
- (iii) The obligations of each Guarantor under its respective Guarantee shall, at all times, be limited to the proportional share such Guarantor holds in the share capital of the Issuer as of the date of the issue of the Bonds, as set out below:

 - Iveka holds 14.3432 % of the shares in EANDIS CVBA and consequently the Guarantee of this Guarantor is limited to the due and punctual payment of 14.3432 % of all amounts due by the Issuer under the Bonds;
 - Iverlek holds 19.4302 % of the shares in EANDIS CVBA and consequently the Guarantee of this Guarantor is limited to the due and punctual payment of 19.4302 % of all amounts due by the Issuer under the Bonds;
 - Sibelgas CVBA holds 2.5072 % of the shares in EANDIS CVBA and consequently the Guarantee of this Guarantor is limited to the due and punctual payment of 2.5072 % of all amounts due by the Issuer under the Bonds;
- (iv) Each Guarantor confirms with respect to each Bond that the indebtedness evidenced thereby, that it does not have and will not assert as a defence to any claim hereunder any right to require any proceedings first against the Issuer nor will it assert as a defence to any claim hereunder any lack of diligence, presentment to the Issuer or the Agent and any demand for payment from the

Issuer or the Agent, any filing of claims with any court in the event of merger, insolvency or bankruptcy of the Issuer, any protest, notice or any other demand whatsoever (other than a demand for payment of this guarantee in compliance with the terms hereof) and the Guarantors covenant that this guarantee will not be discharged except by complete performance of the obligations contained in each Bond and in this guarantee;

- (v) This guarantee constitutes an abstract, non-accessory, direct, unconditional, irrevocable, first demand, unsubordinated and unsecured obligation of each Guarantor and ranks *pari passu* (subject to mandatorily preferred debts under applicable laws) equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations of each Guarantor;
- (vi) Each Guarantor agrees that it shall comply with and be bound by those provisions contained in the Terms and Conditions of the Bonds which relate to it;
- (vii) The records of the clearing system operator shall, in the absence of manifest error, be conclusive evidence of the identity of the Bondholder, the number of entries credited to the securities account of such holder with such clearing system operator at the relevant time and the amounts represented by such entries, as set forth in the Terms and Conditions of the Bonds;
- (viii) This guarantee is governed by, and shall be construed in accordance with, the laws of the Kingdom of Belgium. Claims against a Guarantor there under may be brought before the courts in Brussels, Belgium, which shall have exclusive competence.

4 MATERIAL CHANGES AND RECENT DEVELOPMENTS AFFECTING THE ISSUER AND THE GUARANTORS SINCE 2 JUNE 2010

4.1 Interim financial results first semester of 2010

The interim financial statements of the Issuer for the period between 1 January 2010 and 30 June 2010 are in line with expectations. Highlights are:

- Total operating revenues and operating costs increased by 12.7% over the first semester of 2010;
- Increases in the operating costs are mainly due to the roll-out of electronic consumption meters as part of the test project "smart meters / smart grids" as well as the investments made for the preservation of the electricity and gas distribution grids' high quality and reliability; costs for subsidies aimed at rationalising the use of energy increased by EUR 20.7 million (+4.4%) while the number of employees increased by 92 (+2.2%) and now totals 4.245 employees; and

- In June 2010 the Issuer issued EUR 150 million 4 per cent. guaranteed fixed rate notes due June 2017.

The interim accounts of the Issuer are incorporated by reference in this Securities Note (see the section "Documents incorporated by reference" of this Securities Note) and can be accessed through the Issuer's website www.eandis.be.

4.2 Capital decrease guarantors

The agenda for the next meeting of the Board of Directors of the Issuer of 1 December 2010 contains an item referring to a proposal for a decrease of the Guarantors' capital by EUR 1 billion, subject to the reinvestment by way of a capital increase by the public shareholders (municipalities and provinces) of EUR 600 to 676 million in voting shares to be issued by the Guarantors. It is proposed that the directors of the Issuer would discuss this proposed capital decrease affecting the Guarantors; the decision whether or not to proceed with the capital decrease as described above will be taken by the Board of Directors of each individual Guarantor. This capital decrease, if approved by the Guarantors, would take place around 30 June 2011. As a result of this transaction, the cash position of the Guarantors would decrease by a total of EUR 324 to 400 million, decreasing the average equity to assets ratio of the Guarantors from 50% to a percentage between 46% to 47%.

The capital decrease could be seen as part of the Guarantors' long term strategy, aimed at decreasing their cost of capital in line with federal tariff regulations incentivising distribution network operators to reduce their equity to assets ratios to 33%. Indeed, on the basis of the long term investment plans of the Issuer and the Guarantors, and if the described capital decrease would take place, equity to asset ratios should reach 33% by 2018, when the Issuer's long term investment plan has been fully executed.

4.3 Acquisition distribution grid Port of Antwerp

Early September 2010, the Antwerp Port Authority ("**APA**") announced its plans to divest its electricity distribution grid. To that purpose, APA has invited interested parties to formulate a take-over proposal. On 29 October 2010 IMEA, with the support of the Issuer, submitted a detailed proposal for the take-over of APA's electricity distribution activities and their integration into IMEA's network and operational business. The total length of APA's electricity grid is 753 km, of which 201 km low voltage lines and 552 km mid voltage lines. APA's final decision has not yet been announced at the date of this Securities Note.

4.4 Antwerpse Waterwerken expected to become a shareholder of De Stroomlijn

Water distribution company Antwerpse Waterwerken ("**A.W.W.**") has submitted a request to become a shareholder of the Issuer's subsidiary De Stroomlijn and to make use of De Stroomlijn's services and facilities. It is expected that the decision process, both at A.W.W. and De Stroomlijn, will be finalised before the end of 2010.

4.5 Changes to the Boards of Directors of the Issuer and the Guarantors

Between 2 June 2010 and the date of this Securities Note, Paul Van de Castele was replaced by Piet Buyse as director and member of the audit committee of the Issuer. Mr. Buyse is mayor of the city of Dendermonde and chairman of the Board of Directors of Intergem.

As a result of the federal elections of 13 June 2010 Geert Versnick and Cathy Plasman are no longer members of the federal parliament. Bart Martens is no longer federal community senator.

During the same period the following changes in the compositions of the Board of Directors of the Guarantors also took place:

- in Gaselwest, Freddy Baelen, Ivan Duvillers and Patrick Vanrobays were replaced by Johnny Goos (mayor of Wervik) and Frank Peeters;
- in Imea, Danny Van Clapdurp was replaced by Marc Dekkers (councillor of Kapellen);
- in Imewo, André Sarens replaced Alfred Becquaert as First Vice-Chairman; Sarah De Bruyn was appointed as director;
- in Intergem, Piet Buyse (mayor of the city of Dendermonde) replaced Paul Van de Castele as Chairman; Alfred Becquaert, Veerle Boute, Piet Buyse, Ivan Duvillers and Marcellus Van Daele were furthermore replaced by Walter De Mezel (city councillor of Herzele), Jan De Smet, Mark Gilens (city councillor of Aalst), Johan Holvoet, Henk Vandenberghe and Herman Vijt (mayor of Hamme);
- in Iveka, Ivan Dullivers, Robby Legendre and Kris Vandyck were replaced by Philippe De Raedemaeker, Erik Mampaey, Jan Van den Bossche, Leo Nicolae (councillor of Brecht) and Freddy Smans (councillor of Beerse); and
- in Iverlek, Myriam Delacroix-Rolin resigned and Pascal Brancart and Annemie Godts were appointed as board members.

4.6 Statutory auditors

In the course of June 2010, the shareholders meeting of Gaselwest, Intergem and Imewo decided to replace their statutory auditor and appoint Ernst & Young Bedrijfsrevisoren, represented by Mr Jan De Luyck. Previously, a decision had been taken to work with a single auditor for the Issuer and six out of the seven Mixed Flemish DSO's, Sibelgas being the exception. The Issuer itself, IMEA, Iveka and Iverlek are yet to follow suit, when the current mandate of their respective auditors terminates between June 2011 and June 2012.
